Materials needed to apply for interpretation

- Individuals applying for an interpretation of the Building Inspector are **NOT** required to provide a Tax Bill, Plot Plan or Zoning Computation Form but are encourage to provide any information that they feel may assist the Zoning Board of Appeals in forming an opinion.

Appeal Application:

When completing the appeal application, please be sure to provide all required information and print clearly where required. It is important to indicate on the application what type of relief is being requested with this application in the form of a "Finding" a "Variance", both or Interpretation.

FINDING – A "Finding" may be sought by a property whose "Use" is conforming, and any proposed extension or addition will not increase the existing non-conforming dimensional status i.e. the addition of a second floor over the existing dwellings footprint .

VARIANCE – A "Variance" is required to vary any provision of the Town Zoning Ordinances other than those covered by a "Finding" Please note that "Use Variances" are not allowed.

BOTH – There may be instances in which both a "Finding" and a "Variance" are required i.e. a vertical addition to a dwelling which does not conform to the setback requirements for its Zoning District but will not encroach beyond existing limits, however this same addition exceeds established height limits. In this instance a "Finding" would be needed to maintain present off sets to property lines and a "Variance" to vary the height limitations.

INTERPRETATION OF THE BUILDING INSPECTOR – A request for an interpretation of an action of the Building Inspector would be sought by an individual when an individual disagrees with the Building Inspector's interpretation or application of the Town's Zoning Bylaws.

Abutters List:

This list identifies all "Parties of Interest" which are owners of land directly opposite on any public or private street or way as well as persons whose property abuts (touches) the subject property and their abutters providing that any abutter to an abutter is within three hundred (300') feet of the property which is the subject of the appeal.

- In order to prepare the abutters list, use the Assessors Maps and Corresponding Books containing ownership information (names & addresses). This material may be found at the Building Division located at 90 Pond Street, Second Floor.
- When the abutters list is completed, bring the list to the Town Assessors Office, located on the first floor of Town Hall (I JFK Memorial Drive) for certification and stamping. **Please note that there may be a waiting period of two weeks for this certification process.**
- When contacted by Town Assessors please pick up abutters list and keep it together with the rest of the application material.

Please note that the Town will arrange for this advertisement, however the applicant will be responsible for the cost of the advertisement which will be billed directly to the applicant by the newspaper. Please note that if the Board disapproves the appeal no similar appeal may be made to the Board for a period of **two years**.

Following Hearing:

- Once a verbal decision is made by the Board, a written decision, signed by the presiding Board Members, is prepared and filed with the Town Clerks Office no later then fourteen (14) days after the appeal hearing. This appeal is then kept in the office of the Town Clerk for a period of

- In order to obtain a building permit following this process, a copy of the decision and proof of recording must be provided to the Building Division along with all other necessary Building Permit information.
